Chevy Avalanche

Chevy Avalanche Rim Sizes		
Year	Model	Sizes
2002-2006	Avalanche 2wd Avalanche 4wd	16" 17"
2002-2004	Avalanche North Face	17"
2002-2006	Avalanche 2500 2wd Avalanche 2500 4wd	16" only
2002-2006	Avalanche Z66 Avalanche Z71	17" only
2007-2009	Avalanche	17" 18" 20"
2007-2009	Avalanche Z71	18" only

Size Shown: 17"

Modifications: Centering hole needs to be machined to 4" or tabs ground off hubs. These rims require bulge type lug nuts. Chevy Z71 center caps can be fitted.

Note: The rims shown have a deep offset which makes them easy to tuck but they also increase the scrub radius over stock rims which can make the truck very unstable and difficult to keep moving in a straight line.
